On the ground floor there is a large living room with a fireplace, a dining area and a kitchen and access to a covered terrace and the garden. There is also a bathroom, a heating room (gas) and access to the garage. In front of the garage there are three parking places.

On the first floor there is a master bedroom with extra area resting, access to a large balcony with great views of the mountains and its own spacious bathroom with Jacuzzi bath, another bedroom with access to the balcony and a storage room.

In the mansard there are two more bedrooms.

In the basement there are two large storage rooms and there is another storage room beside the main entrance.

As this is the last house in a row of houses, it has the largest garden. It is very private, sunny and has access to the river and golf course. Kranjska Gora is well known as ski area in the winter. In summer you can cycle, go hiking in the mountains or swim in the lake Jasna, nearby.
